General Description

One of Turkey’s most prestigious shipyards launched Lotus Gulet in 2006.

This boutique gulet was originally custom-built for a wealthy private owner with a deep passion for the sea. However, due to an intensive business lifestyle that left little time for cruising, the yacht was offered for sale in **2018**. During the 12 years of first ownership, her main engines logged **less than 300 operating hours**, reflecting extremely limited use.

Thanks to her new Croatian owner, Gulet Lotus entered the luxury charter market in the 2019 season, becoming a refined addition to the charter fleet.

The gulet is available exclusively for weekly charters (Saturday to Saturday), with check-in at 17:00 and check-out at 09:00.
